Safety

- The Hilux is equipped with front driver and passenger airbags.
- The Hilux is equipped with ventilated front disc brakes. ABS helps to ensure vehicle stability when braking on slippery roads, or during sudden braking.
- Large Headlamps with large reflectors distribute light in a long wide pattern, contributing to excellent visibility at night.
- The Bright Rear Combination Lamps and an LED type high-mount stop lamp integrated into the tailgate provide following drivers with a clear view.
- Wipers with a wide wiping area, together with spray-type washer nozzles which distribute washer fluid over a wide area, contribute to a clear field of view.
- 3 Point ELR seatbelts are fitted in both the front and rear 2 point seatbelts are fitted on the centre seats in some models.
- A head and leg impact protection structure helps to reduce the risk of injury to occupants in a collision.
- The crash safety body is comprised of a high integrity cabin with a front crumple zone. The Hilux also incorporates a compatibility body structure which focuses on reducing the damage to smaller cars in a collision.

- **Three Years or 100,000 KM Bumper to Bumper Warranty**
- **Country of origin: Japan**
